Qualify with the Institute of Innovation group to work in your chosen field or for further study at university

Melbourne, in Victoria, Australia, is a modern, sophisticated, friendly and multicultural city. Institute of Innovation is situated in the centre of this city in a modern building with light, bright, spacious classrooms.

The Institute of Innovation group has industry experience, and both teaching and course specific qualifications to ensure industry aligned training with appropriately recognised work placements for all students.

Our staff and students enjoy working in an atmosphere that fosters mutual respect and positive experiences.

Study in Melbourne - One of the worlds most liveable cities

3.4 million people from over 150 different countries, live in this vibrant, well planned, city, with a standard of living amongst the highest in the world and a safe and reliable public transport system. Relax in our city and enjoy its tree-lined streets, beautiful public parks and gardens and temperate climate.

Try cuisine from around the world or find the food that you like, easily available and at very reasonable prices.

Experience international events:

- Australian Tennis Open
- World Series Cricket
- Formula 1 Grand Prix
